Lily C. Rose

OPEN FORMAT DJ
BASED IN LAS VEGAS

Lily C Rose is an Open Format DJ based in Las Vegas, skilled in "reading the room and setting the mood."

With over 10 years of professional dancing experience in nightclubs, lounges and festivals, her mixing style is influenced by the extensive genres of music explored as a dancer. She has found great opportunity with the Latin crowd in playing events such as Vibra Latina at Foundation Room, which comes naturally as Spanish is her first language. She played at the grand opening of Azilo Pool on Labor Day 2021. In 2022, she began live streaming on Twitch where she plays live sets that include Top 40, Latin, Hip-Hop, R&B and sub genres of Techno, House Music and EDM. Memorial Day 2022, she headlined LEX Nightclub in Reno. Having achieved Partner status on Twitch she brought together a community of DJs from across the states for an event at the Illuminarium in January 2023. That same year she debuted on the first roster of artist at AZUL inside Fontaine Bleau. Some of her favorite spots to play include TAO lounge and Virgin Hotel where she holds monthly residencies. She looks forward to growing as a DJ in all aspects and respects the art form of scratching as much as she loves a good house remix and the production behind it. The future is progressing into producing her own remixes and refining her sound as an artist.
