

QUIRA

In a short period of time, the accomplished DJ Quira has risen above the ranks with her musical knowledge and ability to read crowds in the competitive market of Las Vegas Nightlife.

Shortly after graduating high school, she moved to Las Vegas for college and worked at the hottest night clubs in town. All while she was obtaining her BSBA Marketing degree from UNLV, Quira soon found her passion in the DJ booth at TAO Night Club and resigned from being a server to be a DJ for the same company in 2010.

As sexy as she is smart, she is as much a personality and a burst of positive energy to any private event, venue, night club or festival as you can hope to find...
she is always dancing!
