

PRESTO ONE

You've heard it all before, no doubt--DJ So-and-So is the best in his city, the man, The most talented, the biggest, the illest, the craziest. But while everybody is out there talking a good game, Presto One is simply showing and proving.

For over two decades, he's been putting in work in the Vegas scene and around the world, rocking shows from his home turf of Las Vegas to, Japan, & everything in between with his unique skills and musical presentation. His talents have led to working with artists like The Roots, Q-Bert, Jazzy Jeff, Flavor Flave, and the Beat Junkies as well as spinning parties for celebs like Britney Spears, Dana White (UFC), TJ Lavin, PINK, & many more.

Don't get it twisted: It's not all about the glitz and glamour. Presto is firmly rooted in hip-hop, as his proud membership in the legendary and world-famous Rock Steady Crew can attest, and his turntablist abilities landed him a spot in Q-Bert's Scratchlopedia DVD. But it's Presto's knack for taking that hip-hop sensibility and presenting it to all kinds of different crowds that makes him stand out.

The Vegas club scene is a competitive one, but Presto has made himself a fixture in it, rocking properties like the Palms Casino (Moon, Ghostbar, GBDC), TAO, The Bank,Chateau, Hard Rock Casino (Body English, Vanity, Rehab), & more.

Moving forward, Presto plans to re-establish himself with his roots and reach out to new areas. If he comes to your town, do yourself a favor and check out the skills that have taken Las Vegas by storm.
